A HIDDEN TREASURE.

Philadelphia, Oct. 31.—Thomas Moore, jr., and two other workmen, while excavating for pipe connections in Market Square, in Chester, Pa., Thursday morning, unearthed a small preserving jar, containing gold and silver Spanish coin, estimated to be worth at least \$150. Some of the coin bore the date of 1800 and some of it a later date. An old market house, erected in the last century, stood on the site where the money was found, and was torn down in 1857. It is thought the money was buried by one of the marketmen.

NEW DEPOT.

Gainesville, Fla., Oct. 31.—The new Plant System passenger depot is ready for occupancy, and all trains will arrive and leave from this point, beginning with some day about the middle of next week. The Florida Southern track is also complete, independent of putting down the switch in front of the depot. The new depot is a magnificent one, and every convenience will be afforded the traveling public there. The railroad eating house will also be ready for occupancy in a few days.

PHOSPHATE RAILROAD.

Gainesville, Fla., Oct. 31.—B. Arentz & Co. are apparently in the railroad building business. Their latest venture is the building of a road from their mines in the western part of this county to Lake Butler, a distance of about thirty-five miles. B. Arentz is himself the author of the report and says he means business and will commence in a few days to survey the new line.

IN JAIL.

Jacksonville, Oct. 31.—James Bowers, a well known negro crook, is now in the city jail, the result of his entering the room of G. P. Harrison last night and stealing a lady's gold watch.

ANOTHER APPOINTMENT.

Assistant General Passenger Agent H. C. McFadden of the Plant System has appointed G. A. Cullen chief clerk of his department.

Take your prescriptions to Tydings & Co. and get their prices. Only pure drugs used.

PRINCE BORIS.

Sofia, Oct. 31.—It is announced in official circles that the infant Prince Boris, son of Prince Ferdinand of Bulgaria, will be baptized in the Russian orthodox faith.

PHOSPHATE DEAL.

J. Buettgenbach of Belgium, after looking the phosphate fields over, decided to purchase a plant which contains twenty acres of rich phosphate land from Fulton and Alworth of Citrus county. The consideration was the snug sum of \$30,000, mostly cash. This is said to be the biggest price paid for so small an enterprise of that kind ever made in Florida.

AN IMPORTANT CHANGE.

Beginning tomorrow and continuing, the S. S. O. & G. trains will run to Florida Southern depot. This will be a great matter of convenience to the city generally and especially to this part of town.

Additional Locals.

Mrs. R. G. Blake is expected home from a two months visit to the mountains. Her husband went to Citra yesterday to meet her but was disappointed.

Commencing Friday morning, Nov. 1st, all passenger and freight trains on the S. S. O. & G. Ry., will leave Florida Southern depots. All freight for Tampa, Lakeland, Inverness, Dunnellon and all points on and via the Plant System will be received at the Florida Southern depot. F. C. Alworth, Agent.

C. R. Burt and wife of Homosassa are in the city. Mrs. Burt is very grateful for the courtesies shown her and the prompt settlement of her insurance by the companies of which D. W. Davis is representative. The adjuster, M. A. Fuller of Jacksonville, visited Mrs. Burt at Homosassa two days after the fire, and after thoroughly investigating the loss, paid the claim of \$1740 in five days after the fire. Mrs. Burt's loss was fully \$4000. She spoke very highly of the satisfactory manner in which Messrs. Davis and Fuller settled this generally tardy business. Mrs. Burt thinks of locating in Ocala and will also build a summer home on their island in St. Martin's River.
